⭐⭐⭐⭐⭐ **Extremely satisfied**

The kids utilized these to assist with learning to read and spell their sight words! I loved using these because they were editable and I could add the focus words we were studying while theis specific theme would be used. I loved using themes and these resources helped to fit the theme so well! Easy to use and low prep! Thanks so much for saving me SO much time :)

Frequently Asked Questions

What do I need for the autofill to work?

All you need is the Adobe Reader software (which is FREE!) on a desktop computer or laptop.

Do I need a certain font on my computer for this to work?

You do NOT need a certain font! All you need is this resource and the FREE Adobe Reader software!

Is this product available in a bundle?

YES!!! Click here for the Color by Code BUNDLE that includes 299 pages!

Can I change the size of the font that automatically generates onto the page?

No, you are not able to change the font size. The font size automatically adjusts based on the length of the word. If this is not working, that means the resource is not being opened in Adobe. Open in Adobe, and you're problem will be solved!
