WOW! I can't say enough about his product. I love the words on the tops of the pages that correlate to a phonics short vowel sound. It's wonderful for struggling writers, because it gives them ideas of what to write about. Very student friendly. Thank you so much for this resource!

Great resource to use as a comprehensive way to review word families and sentence structure. I used it at the end of the school year with my students. I even gave some of the work home in my student's summer work package.
