TEACHERS ARE RAVING!

★★★★★ February 8, 2022

I have used so many resources by a teachable teacher, and just like the others, this resource has been AMAZING! I have always struggled with tasks for small groups/having a system that is easy to manage, rather than pulling from different resources each week. This resource has helped keep our activities consistent, while working on different skills. This resource is simple, yet engaging. The kids enjoy cutting and gluing! Thank you so much!

These were great for my struggling readers during our small phonics groups. My students were able to apply what we were learning in group to complete the activity. Thank you!
