New Year

Mini Flip Book

Easy to follow directions included!

Directions for Assembly

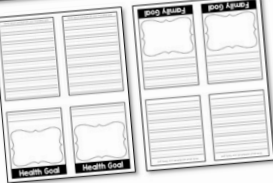

These flipbooks are created two-to-a-page. That means HALF the prep. © Following the directions below will equal TWO mini books, so remember to make HALF as many copies as you need!

Copy the "New Year New Me" page and the "Kindness Goal" page back to back. Make sure that the "Kindness Goal" page is upside down as pictured.

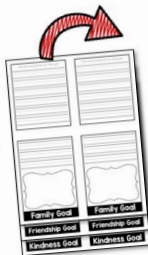

Copy the "School Goal" page and the "Friendship Goal" page back to back. Make sure that the "Friendship Goal" page is upside down as pictured.

Copy the "Health Goal" page and the "Family Goal" page back to back. Make sure that the "Family Goal" page is upside down as pictured.

Layer the pages (which have been copied double-sided) as shown below.

Fold the top of the stack forward until the "Health Goal" page aligns on top of the "Family Goal" page.

Part 2

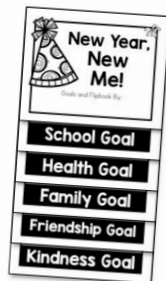

Now your flipbook should look like this.

Staple 4 times across the top.

Use a paper cutter to cut straight down the middle.

Extra Tips

You do not need to print double-sided, you just need to make your copies double-sided. Be sure to choose the correct "line" (or no line) options before printing. [See page 7]

- I have included a "Goals Brainstorming" page. I encourage you to brainstorm with your students, but I included this page in case you want to send this home as a winter break project.

- Depending on the age of your students, you might want to focus on one goal/page per day. You will finish in one week.
- Encourage students to display their flipbook at home as a reminder of their goals. 😊
