OPEN HOUSE TOUR GUIDES

We worked so hard to get ready for our open house or “Celebration of Learning” that we did not want our visitors to miss a thing! Students used these “tour guides” as they took parents around the room on an official classroom “tour.”

This PowerPoint will download intact if you have KG fonts {they are FREE [here](#)} installed on your computer. All text can be edited.

There are two options - one with a steering wheel and one without. If you would like to use the “anchor” bullet points, press the | (bar) key while using the font KG Miss Kindergarten.

After printing, I copied the tour guides on brightly colored paper. I know your students will enjoy giving their families the “official tour!”

Have a great Open House!

-Lauren
