Simply cut on the dotted line to separate each card

A hands-on & engaging way
to practice sight words!

What Teachers Are Saying...

★★★★★ September 12, 2022

My kids enjoyed this activity. I loved how many options for words there were. I was able to sort through and find all of the sight words we used. Great Activity and will definitely be using it next year.

My students love building with snap cubes. I loved how they could take two things that they enjoy and combined them into one.
