Use these as I am teaching sight word. It is good for them to see how the word is used in a sentence. The kids can read them more independently as they year goes on and their reading skills improve. It is a lot of chorale reading at the first of the school year.

I give these sentences to my students each week when I introduce the new sight words for the week. They always enjoy reading the sentences together after highlighting the sight word being practiced. We then put the sheets into a duotang for independent reading practice whenever they have spare time. Very useful!
