I bought this resource to help reinforce the recent studies in the science of reading. This certainly helped my students practice the specific skills they need to master.

The Snail

Gail the snail was very sad.
She felt like she was too plain.
"I know how to fix this!" she

id in her brain. "I will stain my shell with paint!"

Gail did not want to wait. She got a paintbrush and started to paint. Oh no! It started to rain. The paint washed off. Gail the snail was plain again! 😊 😊 😊

Students build fluency by reading the passages multiple times. Students color a happy face each time they read!

Students can interact with the text by highlighting the phonics skill words.

① Why was Gail sad?

② What did Gail do to her shell?

③ At the end, why was Gail plain again?

I love these bundles. I use them with my small groups for decodable readers. I love that students can highlight the phonics lesson being focused on and that there are comprehension questions with the passage. Overall, these stories are effective with reading.

I love these passages for small groups! It challenges my students to look back at the text to help them answer the questions. We are currently using them in small groups but I hope to be able to eventually assign these for centers as we grow more independent!
