My students and I love this bundle! There are so many different color by codes included! I can always pull these as morning work, early finishers, for subs, or as time fillers! The directions are simple and students can work through them independently. My students always love revealing the picture in the middle!

# Frequently Asked Questions

Do you have a bundle specifically for EDITABLE color by code pages?

I do not have a specific bundle of just editable color by code resources. It is definitely something I will add to my to do list.

Do you have UK/Australian coin version?

I currently only have US coins for the currency.

Do you have a bundle with only the phonics color by codes?

At the moment, I do not have a phonics color by code bundle. They are all available outside of this bundle, though!

I bought one of the individual packets, and now I want the bundle. Can I get a discount?

TpT  does not allow sellers to process refunds. However, they will refund you if you buy both. After buying the bundle, email them and ask for the individual item to be refunded.
