# What Teachers Are Saying...

470+ 5-star reviews!

★★★★★ January 6, 2025

I loved using the resource to help students understand and make meaning of the phonics rules that they were learning in the classroom during intervention time. I love that this can be used to reinforce skills without relying on the idea to follow along with what is going on inside the classroom!

This seller is amazing. I've purchased their reading/phonics resources before and I was looking for writing resources that students would find engaging. This is a great resource for that! My students enjoy writing now.
