## Bear Hibernates

It was almost winter. Bear needed a place to hibernate. He looked all over the forest. He saw a rock. "That is too hard," he said. He saw a tree. "That is too tall," he said. He saw a bush. "That is too rough," he said. He saw a den. "That is the perfect place for me," Bear said.

① What is Bear looking for?

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

② Why does Bear not like the rock?

It's too hard.     It's too high.     It's too rough.

"It is cold," Bear said to Bunny. "It is time for me to hibernate." Bunny looked at the forest.

"Where will you sleep, Bear?" Bunny asked. "I do not know. Will you help me find a place?"

Bear asked Bunny. "Of course! What about that tree?" Bunny asked.

"That is too high," Bear said. "Would you sleep in a bush?" Bunny

asked. "That is too scratchy," Bear said. "What about a den?" Bunny

asked. "That is perfect!" Bear said. "Thank you, Bunny!"

① What is Bunny helping Bear with?

# E

## Hibernate

Name \_\_\_\_\_

### Vocabulary

colder

hibernate

warmer

burrow

When the weather gets colder, many animals find places to hibernate. They will stay there

until the weather gets warmer. They look for places that are safe. A bear finds a den to

sleep in. A bat flies into a cave to hang in. A turtle swims to the bottom of a pond. It will burrow into the mud. A hedgehog makes a

nest to sleep in. All of these animals hibernate until spring.

① Where do turtles hibernate?

② In which season do animals hibernate?  spring

winter
