★★★★★ Extremely satisfied

I use A Teachable Teacher's leveled reading passages exclusively with my reading groups. I have seen such a growth in their reading abilities and confidence using these products! I was so excited to see the format of this new resource that allows kindergarten students to rely on their decoding skills using a meaningful text and great extension activities! I especially love the double-sided design--it is perfect for saving paper! Thank you for creating this resource! I cannot wait for similar resources for CVCe, blends, digraphs, and vowel teams!

I love these decodable readers for small group practice. They are easy to use and are fab for helping my kiddos practice their decoding skills. I love that they are focused on certain vowel sounds.
