★★★★★ Extremely satisfied

Such great quality of stories! Yay decodables. I plopped these into PPT for my cyber students and shared screen, which was a little easier than printing and using my doc cam!

I have bought from A Teachable Teacher before and I absolutely love these. They are extremely easy prep. I was able to prep for my whole week in about 15 minutes using one book a day. This is the second set of items I've used from them. I have a very diverse class with 3 different languages represented and these were great. I can't wait to see what other resources I can buy! Thanks.

I wish I found this sooner so I could have used it more often! It is great and can easily turn into a multi day activity to revisit specific reading skills.

# Frequently Asked Questions

Do you have a PDF online version of these materials for online teachers?

I do not have digital versions of these readers at this time. They are only available in a printable PDF.

Do you have more decodable readers than just digraphs?

Yes! Click [HERE](#) for the money saving Decodable Reader BUNDLE!

Do you have a list of the sight words used for each set of books?

It is Fry's first 100 and second 100 sight words list.

Are these decodable books the same as the ones included in the seasonal decodable books?

The books in this bundle are completely different decodable books than what is included in my themed (Christmas, Halloween, Thanksgiving, etc.) seasonal phonics decodable books.
