The decodable text were a great tool when applying this phonics skill. We found the double consonant in the text and the text gave the students opportunity to apply the skill in context.

This is a wonderful resource. My students loved having their own books and being able to read the stories. They loved being able to take them home and read to their parents. Thank you so much!!

I absolutely loved this resource. This was a low/no-prep activity. It was very engaging for my 1st grade scholars. After we did one set, they knew the next day exactly what to do and they were so excited to be able to complete it on their own. I really loved the fact that my scholars could read the comprehension questions on their own and respond. I can't wait to see what other resources you may have that I can utilize in my classroom!
