I have all of the Decodable Readers sets, and I get a lot of use out of them. They are great! I also like that there are pre- and post-reading questions to work on writing and comprehension.

These are so helpful for me and follow along with my phonics program. I love giving them to students and working with them in a small group. Then I have them keep it in their own book bins so they can re-read, practice them and mark words up.

I like that my students can get their own copy of a decodable story that they can keep. The matching worksheet is a wonderful way to reinforce the skills they are learning. These pair well with the All-in-One worksheets.
