# TEACHERS ARE RAVING!

★★★★★ Extremely satisfied

This is the ONE best purchase of the year. Easy to print off, use at my guided reading and send home for extra practice with my students. Easy to find booklets that match our spelling/phonics sound of the week. LOVE THIS RESOURCE!  
I print the booklet and questions on one sheet (print 2 pages per sheet- or combine on your photocopier)- cut off the booklet and have the kids fold it when they get to the guided reading table. Then they can do the questions on the other page, I mark it, they get a sticker and I staple the little booklet to the answers and they send them home. One sheet per kid! They love the little "mini" books too- they are super cute.

★★★★★ Extremely satisfied

Sometimes I underestimate how much my students are going to enjoy a lesson or activity, and this is definitely one of those times! I used these decodables with my 2nd grade intervention group, and they really loved them...they actually wanted to do them every day - especially the worksheets that go along with them. They are definitely one of my favorite tools!

# Frequently Asked Questions

Do you have a PDF online version of these materials for online teachers?

I do not have digital versions of these readers at this time. They are only available in a printable PDF.

Can I buy just one skill?

Yes! Each skill is available for purchase separately.

Are you planning to add more to the bundles with additional skills?

This bundle is complete and has all the skills included that will be available.

Does this bundle have ghost letters (kn, wr, gn) books?

At this time, this bundle does not include the ghost letters because there are not enough decodable words with ghost letters to make a comprehensive reader.

Do you have a list of the sight words used for each set of books?

It is Fry's first 100 and second 100 sight words list.

Are these decodable books the same as the ones included in the seasonal decodable books?

The books in this bundle are completely different decodable books than what is included in my themed (Christmas, Halloween, Thanksgiving, etc.) seasonal phonics decodable books.
