★★★★★ Extremely satisfied

I used this resource at Christmas time and then bought the winter pack because I liked it so much. The layout is similar so the kids can get really independent with it.

My students beg to do these pages! They find them fun and engaging, and better yet, they're practicing key skills at the same time. I also love how I can differentiate based on their needs. Thanks so much for the time you put into your products.

This resource has so many worksheets to practice phonics. I love finding themed activities for my students, and these pages relate to the skills we practice in class. It is excellent to find differentiated activities for all my students to succeed.

Frequently Asked Questions

Is there an answer key included to help identify the pictures?

There are clipart/picture keys at the bottom of the cut and glue sorting pages. Feel free to email me a specific page you need help with if you don't see the clipart key.

Can I buy just one skill?

Yes! Each skill is available for purchase separately.

Are you planning to add more to the bundle with additional skills?

This bundle is complete with letter sounds, CVC words, digraphs, and blends. I am currently considering creating another bundle that will include CVCe, long vowel teams, r-controlled vowels, and diphthongs.

I bought one of the individual packets, and now I want the bundle. Can I get a discount?

TpT does not allow sellers to process refunds. However, they will refund you if you buy both. After buying the bundle, email them and ask for the individual item to be refunded.
