# What Teachers Are Saying...

Hands down one of the best resources ever!

★★★★★ December 14, 2025 ✓ Met expectations ✓ Great value ✓ Standards-aligned

As the reading interventionist I make reading packets for everyone. These are so well put together because they focus on the target skill (and other resources include other skills) with simple, one-syllable words as to not overwhelm struggling readers with at home practice. I have the summer pack too and love it! These are well worth the money! I also love that they are winter themed, as not all families in my school celebrate Christmas.
