My class loved doing I Spy for letter sounds and CVC words so I was happy to find this resource in digraphs and blends to give them more of a challenge later in the year. This is an easy center to prep and fun for the students while still practicing phonics skills.

This is a great resource! Thank you so much. I used it during our center time and it was a great way for students to practice digraphs in different positions.

Engaging resource for struggling and on-target students. I added magnifying glasses to increase engagement (although totally unnecessary) but the kids loved it!

I love having activities like these that come in every skill for my independent work. This becomes predictable for my students allowing them to be confident in what they are doing, while also not needing direction from the teacher to get started.
