As a reading specialist, I was able to find several pages to support the phonics skills each of my groups has been working on; I used the pages to create Valentine's Day themed "fun packs" to reinforce reading skills. They loved having something "fun" to do, and I loved that they were practicing their reading! Thanks!

I am currently using this resource in my class and it my students love it! It also goes along well with the point in the curriculum my school uses for 1st grade. I have used many parts of this resource for centers, early finishers, and morning work activities.

My students liked this resource. they love anything that ties in with holidays. The worksheets are print and use immediately. Students are easily able to follow along and complete the worksheets after modeling an example or two. A Teachable Teacher uses predictable format in all the monthly thematic packets, this helps my students know what they are expected to do.

Frequently Asked Questions

Is there an answer key included to help identify the pictures?

There are clipart/picture keys at the bottom of the cut and glue sorting pages. Feel free to email me a specific page you need help with if you don't see the clipart key.

Can I buy just one skill?

Yes! Each skill is available for purchase separately.

Are you planning to add more to the bundle with additional skills?

This bundle is complete with letter sounds, CVC words, digraphs, and blends. I am currently considering creating another bundle that will include CVCe, long vowel teams, r-controlled vowels, and diphthongs.

I bought one of the individual packets, and now I want the bundle. Can I get a discount?

TpT does not allow sellers to process refunds. However, they will refund you if you buy both. After buying the bundle, email them and ask for the individual item to be refunded.
