Frequently Asked Questions

Does each theme have the same set of word cards?

They're all different! There are a few words that end up repeating after 5 sets due to lack of clipart specific to words with 3 and 4 sounds, but the repeated images are as minimal and varied as possible.

Can I buy just one skill?

Yes! Each skill is available for purchase separately.

Do the word cards include digraphs or long vowels?

Yes, the four sound word/picture cards include words with digraphs and long vowels.

Is this an editable resource so I am able to add my own pictures to segment?

No, this is not an editable product. I will keep this idea in mind for possible future updates!
