

Gomo Armchair

Designed By Hugo Passos, 2025

The Gomo Armchair with tube base unites soft comfort with a light, precise silhouette. Its fully upholstered shell rests on a frame in brushed stainless steel or powder-coated steel, thoughtfully constructed for durability and circular use. With removable upholstery and replaceable components, the chair is designed with circularity and renewal in focus.

MODEL
5810 - Tube base

MATERIALS
Fully upholstered chair with a core of moulded recycled polypropylene. The seat has a core of plywood. Covered in removable HR or CMHR foam and upholstered in removable textile or leather cover fixed with Velcro. Steel tube base in brushed stainless steel or powder coat. Metal screws and fittings. Mounted with interchangeable plastic glides. Felt glides are available.
