Rascal Veo Sport SR Profile:

It's all about the drive. The Rascal Veo Sport SR is fully loaded with features in 2 striking colours. A modern, sporty design with class leading all-round suspension. With 22Ah batteries, a superb capacity for a scooter of its size, affording a range of up to 21.8 miles. A padded delta tiller boasting a convenient charging point and luxury seat, detailed with unique white accent stitching, the Veo Sport SR is a real pleasure to ride.

The Veo Sport SR's easy and robust take apart mechanism allows you to store or drive away with it in the boot of your car, so it is very practical yet with its distinctive looks, exclusive all-round suspension plus LED front light, this is the travel scooter with the edge.

Local Rascal Mobility Retailer:

The new LED front light & bumper together with class leading all-round suspension unites design, functionality & safety.
