Bottling date	17 December 2024
Oak treatment	Fermented in large-format French oak casks
Preservative(s)	220
Alcohol content	13.0%
Aging Potential	5 or more years
Winemaking	<p>Grapes were whole-bunch pressed. Juice settled overnight, then coarsely racked to oak foudre for fermentation. The resultant wines were aged on settled lees with minimal stirring. 100% malolactic fermentation was undertaken on a select number of barrels for enhanced richness and complexity.</p>
Winemaker's notes	<p>Aromas of jasmine, caperberry, rock melon, spearmint, tangelo, and almond biscotti with a subtle savoury undercurrent of bay leaf and flinty complexity.</p> <p>The palate is deep, long and flavourful with tight lines of Golden Delicious apple, lemon verbena and petrichor tones washing over a refreshing base of integrated acidity.</p> <p>This wine is suitable for vegans.</p>
