

# GLEN GARVALD

BY LEVANTINE HILL

## 2024 GLEN GARVALD ROSÉ

Vintage	2024
Varietal blend	90% Grenache Noir; 5% Mourvèdre, 5% Carignan
Harvest date(s)	28 <sup>th</sup> March 2024
Bottling date	23 <sup>rd</sup> October 2024
Treatment	Fermented & aged in one square concrete fermenter
Alcohol content	13.0%
Analysis	<0.1 g/litre R.S.
Preservative	Sulphur dioxide (220)
Aging potential	3+ years
Winemaking	Sourced entirely from our Estate 2015 plantings of Southern Rhône red varieties, all fruit was hand-picked, then destemmed or crushed. Juice for this wine was drawn either as whole-bunch pressing or as saignée (juice run-off) from each of the component varieties. Racked to a concrete vat for spontaneous natural fermentation & maturation on lees.
Winemaker's notes	This wine takes its stylistic and varietal cues from the intense, dry and savoury styles of France's Southern Rhône Valley where Grenache Noir is overwhelmingly the main variety utilized in rosé and red wine production. The 2024 vintage Glen Garvald Rosé represents our continued forays into unlocking the potential of Grenache and its sun-loving Mediterranean stablemates as the potential future of the Yarra Valley.

This wine is suitable for vegans.
