

NIBCO® BenchPress®

PRESS FOR CARBON STEEL PIPE SYSTEMS

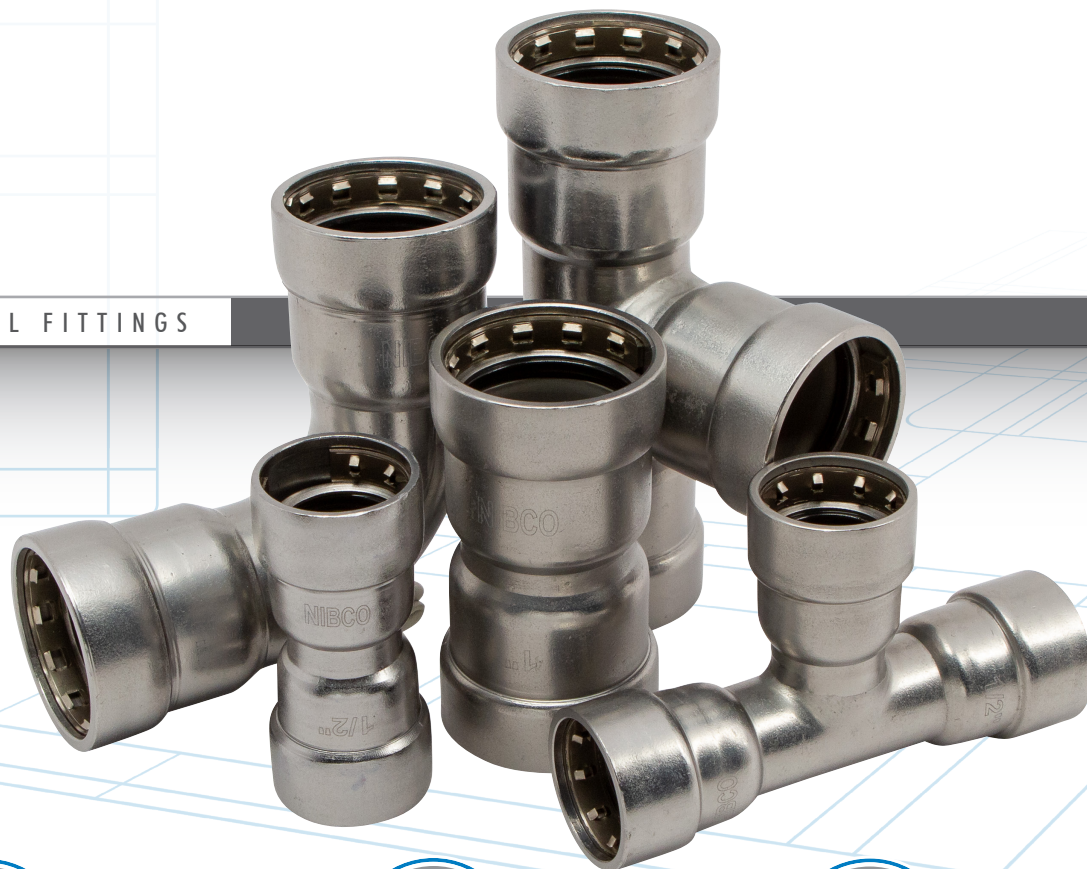

Partner with NIBCO for your carbon steel press requirements with our BenchPress fitting.

NIBCO saves you valuable time on job sites and ensures a secure, leak-tight fit.

Why Use Press?

- Lower total installed costs for the entire system
- Systems can be dry-fit before crimping
- Making secure, consistent and leak-proof connections a smooth, efficient process
- Faster installation time means greater productivity on the job site

CARBON STEEL FITTINGS

Bench Press fittings install quickly and easily for a perfect fit every time.

Clean and Easy - Doesn't require the machinery and oil used by threaded solutions.

Products for both gas and non-potable water applications.

CARBON STEEL FITTINGS

Performance

- Heavy duty carbon steel press fittings
- Cleaner and easier than threaded solutions
- Perfect for wet installations when pressed for time
- Consistent joint quality means fewer callbacks and reliable performance

NIBCO Advantage

- Fitting product solutions
- Fittings are zinc-nickel coated for enhanced corrosion prevention
- Size Range: 1/2" through 2"
- Over 110 SKUs
- EPDM and HNBR sealing elements available for use in a variety of applications
- NIBCO fittings are compatible with the RIDGID® and Milwaukee® carbon steel press tools and jaws; and the NIBCO PC-280 tool with RIDGID and Milwaukee jaws
- Stainless steel grip rings and separator rings ensure premium performance

RIDGID® is a registered trademark of RIDGID Inc.
Milwaukee® is a registered trademark of Milwaukee® Tool.
