

Terra Portable Lamp

Post-consumer e-waste mixed
with coffee shell waste

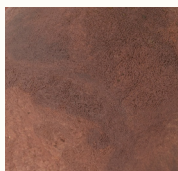

The minimalist design of the Terra Collection was conceived by OEO Studio, a well-established design partner of Mater. The collection is our first lighting series made of Matek™ and its design is a direct result of the possibilities offered by Matek™. The production method enables the seamless integration of joints and technical elements within the lamps. The design is minimalist, precise, and timeless, while the tactility of the Matek™ material lends the series a fresh and intriguing expression.

Item no.
02545 Terra Portable Lamp
Coffee Waste Black
02546 Terra Portable Lamp
Coffee Waste Light
02547 Terra Portable Lamp
Coffee Waste Rust Red

Country of origin
Denmark

Materials
Matek™
Powder coated steel

Light Source
4W Integrated LED light
Kelvin 2700K
Lumen 230lm
CRI Ra 90
Voltage: Charging voltage 5.0V – LED voltage
2.6 - 3.2V
Energy class: I
Lifespan: 36.000 hrs
Touch step dimmable (100%; 50%; 20%)

Battery capacity
10 hours when fully charged
Charging time: 6 hours
USB-C - USB-C charger cable included

Certifications: IP44 CE  

Dimensions
H 25 cm W 17.5 cm /
9.8" W 6.9"

Weight
1 kg / 2.2 lbs

Packaging 1 box / 1 pcs.

Maintenance
Please follow our material
cleaning and care guide [here](#)

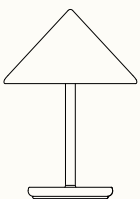

Environment
Indoor - can be used outdoor as long
as it is stored indoor

Mater Sustainability Factsheet

Matek™

Matek®

In alliance with large corporations, Mater explores new technology that recycles industrial fibre and plastic waste. This results in five new unique patented materials under the name Matek®.

Green energy

This product is produced in a production facility that is 100% powered by hydropower – a renewable energy resource.

CO₂ Footprint

At Mater, we believe in the importance of transparency. By doing Life Cycle Assessments (LCA) on our furniture, we can analyse the total climate emission for each of our product's lifespan.
