Dimensions:

W: 47,5 cm / 18.7", H: 97 cm / 38.2", D: 44,5 cm / 17.5", Seat H: 65 cm / 25.6"

Product description:

A comfortable chair with visual sharpness. An archetypal bar chair by Form & Refine – made entirely out of wood. The extraordinarily shaped seat, inspired by the human body, supports good posture and comfort. In addition, the solid, organically shaped backrest gives the chair a minimalistic yet inviting style, harmonising with the Blueprint Collection. The strong, solid legs combined with the veneer seat bring a surprising lightness and striking visual sharpness to the wooden bar chair, echoing the subtle elegance of the Blueprint Collection. The exquisite backrest is from a single piece of steam-bent oak.

Designer's thoughts:

"With this bar chair we searched to balance something refined and robust at the same time. We aimed for a chair with distinct character and gave it elongated back legs that smoothly grip the curved backrest. It should also be comfortable and fit into any environment" – Jonas Herman, Herman Studio

Finish:

Natural oil
treated

Made-to-order:

Non-standard configurations (special colours etc.) are available upon request at a minimum order quantity.
