

# 63-7620

## Medium weight cut A7 impact glove with sandy nitrile palm coating

NEW for 2026. The 63-7620 glove delivers level F/A7 cut resistance combined with lightweight, comfortable impact protection in a unique bumper design. At only 5.5mm in height, the bumper is designed to be as slim and flexible as possible to deliver all day wearer comfort.

With a reinforced thumb crotch for added durability, a seamless comfort knit wrist and a sandy foam nitrile palm coating for good wet and oil grip, it's a high performance, cost effective solution for those needing high cut and impact protection.
