Suspensions

Pediatrics

Geriatrics

Product Highlights

Flavor Blend is a uniquely formulated flavored oral suspending vehicle designed to simplify the extemporaneous compounding process of oral suspensions. It combines the flavoring agents of Flavor Sweet and the suspending agents of Flavor Plus, along with preservatives and an anti-foaming agent to provide for easy preparations of smooth, elegant oral suspensions.

- Light pink liquid blend with a cherry flavor
- Hydrophilic, acid stable and hydrophobic activities
- Incorporate virtually all medicated powders or crushed tablets

Ingredients

Purified water, sucrose, glycerin, sorbitol, artificial flavors, microcrystalline cellulose, sodium carboxymethylcellulose, xanthan gum, potassium sorbate, methyl paraben, carrageenan, calcium sulfate, trisodium phosphate, citric acid, sodium phosphate, simethicone, FD&C red #40, FD&C yellow #6
