

TILSATEC® **PUREHIDE™** PREMIUM LEATHER. CLEAN CHEMISTRY.

The **PUREHIDE™** range combines premium goatskin leather with cleaner chemistry and ergonomic design to deliver lasting comfort, durability and performance.

Soft, supple goatskin provides a naturally comfortable fit, whilst a carefully controlled and compliant tanning process ensures consistently high standards. Independently tested with undetectable levels of chromium in the finished leather, it offers the reassurance of premium leather without unnecessary chemical concerns.

But PUREHIDE™ is about more than the leather.

A gunn cut construction positions seams away from high-wear areas to improve durability while allowing the glove to move naturally with the hand.

Cut resistance is delivered by a thin, lightweight fabric sewn securely into the glove. This construction enhances user comfort and eliminates the slipping & bunching experienced with traditional knitted liners.

Extended roll palm edging repositions side seams to help reduce pressure and irritation during prolonged wear. At the wrist, a tapered, shirred design follows the natural bend of the hand and wrist, creating a closer, more ergonomic fit that stays comfortably in place throughout the working day.

PREMIUM LEATHER.

CLEANER CHEMISTRY.

COMFORT DESIGNED INTO EVERY DETAIL.

40-7030

PUREHIDE™ Goatskin cut level A7 glove

The 40-7030 is a drivers glove that's far from traditional. Made with premium goatskin, it feels super soft and supple while delivering the durability and toughness you need.

Providing 360° of ANSI/ISEA A7 cut protection and heat protection, it's packed with design features to help you get on with the job at hand.

Features & Benefits

- Premium goatskin leather for high comfort and durability
- Steel core fabric inner for 360° ANSI/ISEA 105:2024 A7 cut protection
- ANSI/ISEA 105-2024 Abrasion level 4
- ANSI/ISEA 105-2024 Puncture level 3
- ANSI/ISEA 105-2024 level 2 conductive heat achieving protection at contact temperatures of 140–199°C/240–390°F
- ANSI/ISEA 105-2024 level 4 ignition resistance / burning behavior
- REACH compliant chemistry for a cleaner leather profile
- Gunn cut construction for improved durability and comfort
- Wing thumb design for better dexterity and grip
- Extended roll palm edging repositions side seams for improved comfort
- Tapered, shirred wrist for an ergonomic fit
- Good grip in dry or light oil situations
- FSC vend-packed

Product Specifications

Sizes	6(XS) – 13(4XL)
Color	White leather
Cuff/Wrist	Shirred wrist
Glove liner	Steel-core fabric
Packaging	FSC paper vend packed, 12 pairs/ FSC paper band, 36 pairs/case

Performance

ANSI/ISEA 105-2024 A7 4 3	ANSI/ISEA 105-2024 HEAT 2 CONDUCTIVE	ANSI/ISEA 105-2024 4 IGNITION RESISTANCE & BURNING BEHAVIOR
EN388: 2016+A1:2018  4 X 4 2 F	EN407: 2020  4 1 X X X X	CE 

Available Sizes & Cuff Colors

Size	6 XS	7 S	8 M	9 L	10 XL	11 2XL	12 3XL	13 4XL
Cuff								

Applications / Industries

- Construction
- Drilling
- Pipeline
- Oil & Gas
- Mining
- Metal stamping and handling
