## TILSATEC® **PUREHIDE** PREMIUM LEATHER. CLEAN CHEMISTRY.

The **PUREHIDE™** range combines premium goatskin leather with cleaner chemistry and ergonomic design to deliver lasting comfort, durability and performance.

Soft, supple goatskin provides a naturally comfortable fit, while a carefully controlled and compliant tanning process ensures consistently high standards. Independently tested with undetectable levels of chromium in the finished leather, it offers the reassurance of premium leather without unnecessary chemical concerns.

**But PUREHIDE™ is about more than the leather.**

A gunn cut construction positions the seams away from high-wear areas to improve durability while allowing the glove to move naturally with the hand. Extended roll palm edging repositions side seams, helping to reduce pressure and irritation during prolonged wear.

At the wrist, a tapered, shirred design follows the natural bend of the hand and wrist, creating a closer, more ergonomic fit that stays comfortably in place throughout the working day.

**PREMIUM LEATHER.**

**CLEANER CHEMISTRY.**

**COMFORT DESIGNED INTO EVERY DETAIL.**

## PUREHIDE™

### Goatskin leather cut level A7 impact glove with Exoflow™

The 69-7641 is a drivers glove designed to keep you working through the hottest Summers. Made with premium goatskin, it feels super soft and supple while delivering the durability and toughness you need. It incorporates our lightweight Exoflow fabric upper for added breathability to the back of the hand.

Providing 360° of ANSI/ISEA A7 cut protection and level 2 impact, it's packed with design features to help you get on with the job at hand.

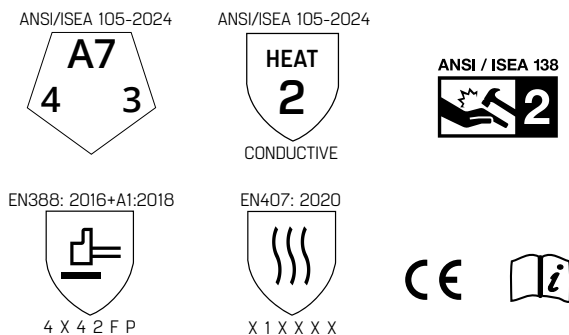

#### Features & Benefits

- Premium goatskin leather for high comfort and durability
- Steel core fabric inner for 360° ANSI/ISEA 105:2024 A7 cut protection
- ANSI/ISEA 105-2024 Abrasion level 4
- ANSI/ISEA 105-2024 Puncture level 3
- ANSI/ISEA 138-2019 level 2 impact in a slim bumper profile
- ANSI/ISEA 105-2024 level 2 conductive heat achieving protection at contact temperatures of 140–199°C
- REACH compliant chemistry for a cleaner leather profile
- Gunn cut construction for improved durability and comfort
- Tapered, shirred wrist for an ergonomic fit
- Looplock™ closure strap to ensure a secure fit
- Good grip in dry or light oil situations
- FSC vend-packed
