**columbus<sup>™</sup> i-Size booster seat**  
**instructions**

**notice**

This is a i-Size booster seat Enhanced Child Restraint System. It is approved according to UN Regulation NO. 129, for use primarily in “i-Size seating positions” as indicated by vehicle manufacturers in the vehicle user’s manual. If in doubt, consult either the Enhanced Child Restraint System manufacturer or the retailer.

## **warranty**

All of our products have a one year warranty from date of purchase against defects in material and workmanship.\*

Additionally, when you register your product online within 30 days of purchase, you are eligible for a 2 year warranty free of charge.

Once registered, you can further extend the warranty to 3 years by purchasing an extended warranty within 30 days of purchase.

The warranty period starts from the purchase and is valid for a period of 12 months.

The warranty is only applicable to the original owner and is not transferable. The warranty is only applicable to products which have not been modified by the user. In the case of any defects, the owner is required to return the product to the retailer.

## **no warranty given if:**

There is no purchase receipt.

Defects are caused by misuse or maintenance which differs from that indicated in the instruction manual.

Repairs are carried out by third parties.

Defects are caused by neglect.

Damage or removal of any serial number is found.

For normal wear and tear which may be expected in daily use.

The stated warranty terms and conditions have not been satisfied.

Please register your product purchase online now.

\*you may be entitled to other rights in some countries.

## **warning**

- Read this instruction manual carefully.
- The correct fitting of the ISOFIX attachment is of vital importance for the safety of your child.
- For the future use of the seat, it is important that you keep the instruction manual carefully.
- Never leave your child unattended.
- Do not use a child safety seat if the vehicle seat is equipped with a front airbag. This can be dangerous. This does not apply to side airbags.
  
- Before you use our product, please read the instruction manual carefully. The product is a safety product and is only safe when used in accordance with the instruction manual.
- The product must only be used on a forward facing seat that is fitted with the ISOFIX attachment.
- The product may be used on either the front or back seat, however, we recommend that it is fitted on the back seat.
- The product has been approved according to the strictest European safety standards (R129/03) and is for stature 100-150cm, using ISOFIX attachment + vehicle 3 point belt, and is for 100-150cm using vehicle 3 point belt.

- After an accident the seat may become unsafe due to damage that may not be noticeable immediately. It should therefore be replaced.
- The safety of the seat can only be guaranteed by the manufacturer if it is issued by the original owner.
- We advise you strongly not to use a second-hand product, because you are not sure if it is in good condition.
- Ensure that all luggage and objects likely to cause injury in the event of an accident are properly secured.
- Do not use this child seat in passenger seat that are equipped with airbags.
- It is recommended that the car seats should not be used more than 5 years from the date of production. The properties of the products may deteriorate due to, for example, ageing of the plastic and this may not be visible.
- The baby car seat must not be used without the cover. Please use an original cover, as the cover contributes to the safety of the seat.
- The seat must be secured with a seat belt or ISOFIX attachment even when it is not in use. An unsecured seat may injure other passengers in the car in an urgent stop.  
The rigid items and plastic parts of a child restraint must be

located and installed so that they are not liable, during everyday use of the vehicle, to become trapped by a movable seat or in door of the vehicle.

- Ensure that the seat is not damaged by heavy luggage, adjustable seats or slamming the car door etc.
  - No alterations may be made to the product as this could affect part or the overall safety of the seat.
  - In hot weather the plastic and metal parts of the product will be hot. You should cover the seat when the car is parked in the sun.
  - In order to prevent damage to the cover, do not remove the product's logo.
  - Before purchase, please check that the seat is properly secured in your car.
  - Take a short break in long journeys so that your child has some time for relaxation.
  - Set a good example yourself and always wear your seat belts. Tell your child that he/she should never play with the harness
  - buckle.
- Any straps holding the restraint to the vehicle should be tight, any straps restraining the child should be adjusted to the child's body, and straps should not be twisted.

Ensure that any lap strap is worn low down, so the pelvis is firmly

engaged.

- This product can not be used any more when it has been subject to violent stresses in an accident.
- Children can not be left in the product unattended.
- 

### **Questions**

Contact your supplier or retailer if you wish to make a warranty claim or have any other questions.

Your car seat can be fixed safely on almost all car seats. However, on some seats the belts are fixed so that proper installation is not possible, in that case, try another seat.

## 2. certification

... as a child safety seat installed in a vehicle

\*ECE = European Standard for Safety Equipment

The child safety seat has been designed, tested and approved according to the requirements of the European Standard for Child Safety Equipment (ECE R129/03). The seal of approval “E” (in a circle) and the approval number are located on the approval label (sticker on the child safety seat).

This approval will be invalidated if you make any modifications to

the child safety seat. Only the manufacturer is permitted to make modifications to the child safety seat.

### 3. use in the vehicle

Never use this child restraint system in seating positions where an active airbag is installed. An active frontal airbag may cause death or serious injury of your child in an accident. Please read the instructions carefully and keep safely for future reference. There is an instruction compartment in the back of the child car seat for storage of the instruction manual.

**You can use your child car seat as follows:**

## **warning**

Never use the child car seat without its fabric cover. The fabric cover should not be replaced with any other than the ones recommended by manufacturer. The fabric cover will affect the integral performance of the baby/child restraint system.

Never try any other force points than those indicated. The main force points of this product are the ISOFIX attachment adapter.

- Always secure your baby in the car seat using the harness or belts
- Never leave your baby unattended in the car seat when placing it on elevated surfaces (e.g. a table, nappy changing unit, etc.)
- Never allow the strap end to become caught in moving parts (e.g. automatic doors, escalators, etc.).
- **Caution!** The plastic parts of the car seat heat up in the sun, so that your baby may get burnt.
- Protect your baby and the car seat against intensive solar radiation (e.g. by putting a light cloth over the seat).
- Take your baby out of the car seat as often as possible to relieve its spine. We recommend frequent breaks during long journeys. Even outside of the car, please avoid leaving your baby in the car seat for too long.

## 4. securing your child

### 4.1 using cushion inserts

**CAUTION** If your child's stature is between 100 and 105cm, please install the head cushion + seat cushion on child seat.

Install the cushion on the back of the fabric cover on base and fasten 4 plastic snaps.

When your child's stature is between 100 and 105cm, please use the inner pad of the base and install the base fabric cover at the position of the upper snaps.

When your child's stature is over 105cm, please remove the inner pad of the base and install the base fabric cover at the position of the lower snaps.

## 5. using the seat

### 5.1 head rest adjustment

Pull up the adjustment button to adjust the height of the head rest.

#### **CAUTION**

Before installing the car seat, please adjust the height of the car seat to fit your child.

The height of the chair body is adjustable to 7 positions. When using, please adjust the headrest height to the child's shoulder position. If the child's shoulder is in the middle of two positions, please use the higher position.

## 5.2 use the ISOFIX attachment

Pull the ISOFIX attachment adjustment handle outward, and ISOFIX attachment will automatically pop outward to the maximum. While pulling the ISOFIX attachment regulating handle outward, it will push the ISOFIX attachment inward and retract the ISOFIX attachment.

## 5.3 folding the seats

Please fold the headrest inward.  
Press the folding button of the chair  
body down to fold the seat.

## 5.4 chair body angle adjustment

Pull the ISOFIX attachment adjustment handle outward and push the seat inward at the same time. For each step forward of ISOFIX attachment, the chair angle will automatically advance one step outward.

## 6. installation in the vehicle

### 6.1 stature 100-150cm

ISOFIX attachment + vehicle 3 point belt

Pull ISOFIX attachment release button,  
pop ISOFIX attachment

Push the ISOFIX attachment interface on the seat into the ISOFIX attachment anchor point on the car seat until you hear two “click” sounds (please check the red and green indicator on ISOFIX attachment are green to indicate correct installation). Then pull the ISOFIX attachment handle and push the seat inward.

Thread the vehicle seat belt through the shoulder guide hook and the waist belt guide on the child car seat. Place the child in the seat and fasten the vehicle seat belt with an audible click. Tighten the seat belt, and make sure it's not twisted.

### **CAUTION**

Make sure strap is worn low down, so that the pelvis is firmly engaged. Pull on the strap until it lies flat and is close against your child's body. The straps should be correctly adjusted and ensure they are not twisted.

## 6.2 stature 100-150cm

### vehicle 3 point belt

Place the child safety seat on the car seat and push the seat tightly.

Thread the vehicle seat belt through the shoulder guide hook and the waist belt guide on the child car seat. Place the child in the seat and fasten the vehicle seat belt with an audible click. Tighten the seat belt, and make sure it's not twisted.

### **CAUTION**

Make sure strap is worn low down, so that the pelvis is firmly engaged. Pull on the strap until it lies flat and is close against your child's body. The straps should be correctly adjusted and ensure they are not twisted.

## 7. removing the seat

Pull the ISOFIX attachment handle outward and push the seat inward at the same time. For each step forward of ISOFIX attachment, the chair angle will automatically advance one step outward.

12

## 8. cleaning

Please be sure to use only original cover, as the cover is quite important for the secure operating system. Replacement seat covers are available from your retailer. The baby car seat must not be used without the cover.

The cover can be removed and washed in a washing machine at 30°C using neutral detergent. Please read the washing label on the cover carefully before washing. The color of the cover may fade if washed above 30°C. Do not spin, wring, tumble dry or iron (as the fabric may separate from the padding). The plastic part of the seat can be cleaned with soapy water. Do not use harsh cleaning agents (such as solvents). The harness belt can be cleaned with soapy water. Never remove the buckle tongues from the shoulder strap.

## **9. security check**

For security, please read this “security check” before you travel. Check if the firmness of the shoulder strap system is suitable for your child, and if the height of the shoulder strap is at the proper height. Regularly check the seat to ensure no damage. In case of any damage or malfunction, please do not use the baby car seat and contact your retailer. If you have any questions, please contact the retailer.
