TOUGH-AS PRODUCTS FOR TOUGH-AS WORK

TOUGH-AS

TOUGH-AS PRODUCTS FOR TOUGH-AS WORK

GARAGE MAT

The Tough-As Garage Mat will protect your shed or garage floor from stains caused by grease and oil dropping from cars or motorbikes, making cleaning up easy. No more scrubbing and degreasing concrete, just wipe the non-absorbent mat off with a clean cloth. Made from UV stable premium grade PVC, the Garage Mat also provides a Tough-As barrier to tyre witness marks that can be otherwise left on the concrete, particularly by classic or high performance cars that are garaged for a longer term. Enthusiasts will enjoy using the Garage Mat as a clean, flat base to perform restoration work on. It's puncture, tear and heat resistant, and our workmanship carries a 100% warranty for the life of the Garage Mat. It's Tough-As.

THE TOUGH-AS LIFETIME GUARANTEE

We're so confident that the Garage Mat has been made Tough-As that we 100% guarantee our workmanship for the life of the product.

FEATURES

- Made from premium grade PVC

- Puncture and tear resistant

- Practical and can be used as a clean work surface

- Provides a good base for vehicle restoration work

- Heat resistant and fire retardant

- UV stable for long life

- Prevents tyre witness marks being left on concrete

- Sits flat and is resistant to blowing away in a breeze

- Stylish high gloss finish

MADE TO LAST

Tough-As premium grade PVC is used in the construction of the Garage Mat, ensuring total protection of your shed or garage floor from dripping oil or grease.

SMOOTH RIDE

The Tough-As Garage Mat is a great teammate for the Tough-As Work Mat. Both mats feature high gloss finish PVC covers, giving you smooth movement under your vehicle. The high-density closed-cell foam in the Work Mat protects your body from the impacts of working on hard surfaces, allowing you to work in padded comfort.

SHOW 'N' SHINE

Simply wipe the Tough-As Garage Mat with a clean, absorbent cloth to remove any grease or oil.
