

# ROMATE FIBERGLASS BLADDER TANKS

**Pentair ROmate Fiberglass Bladder Tanks** are high-performance, high-value vessels for residential and commercial reverse osmosis applications. Specifically designed for reverse osmosis systems, these small vessels offer big advantages over competitive tanks via 100% seamless, composite construction, and the ability to discharge in any position. ROmate vessels also come with a 5-year warranty.

## FEATURES

- 100% seamless composite construction
- Produced using NSF and/or FDA listed materials
- Environmentally safe, 100% lead-free
- Pre-installed inlet-outlet assembly: comes with system connections, saving time and money
- Meets stringent US requirements for water components
- Will not introduce chemicals or elements into water
- Factory-backed 5-year warranty
- Discharges in any position

## SPECIFICATIONS

MODEL	ROMATE 20	ROMATE 40	ROMATE 80
System Connection (in)	1.00 MNPT	1.00 MNPT	1.25 MNPT
Height (in / cm)	32.00 / 81.00	57.00 / 145.00	55.25 / 104.00
Diameter (in / cm)	16.00 / 41.00	16.00 / 41.00	24.00 / 61.0
Capacity (gal / ltr)	19.80 / 75.00	40.30 / 153.00	86.70 / 329.50
Assembly (lbs / kg)	19.00 / 8.60	30.00 / 13.60	58 / 26.40
<b>Materials of Construction</b>			
Inner Liner	High density polyethylene	High density polyethylene	High density polyethylene
Outer Shell	Fiberglass-wound and epoxy resin-sealed	Fiberglass-wound and epoxy resin-sealed	Fiberglass-wound and epoxy resin-sealed
<b>Technical Specifications</b>			
Maximum Operating Pressure (psi)	125	125	125
Maximum Operating Temp. (°F / °C)	120 / 48.9	120 / 48.9	120 / 48.9
