

SCOTS PENDANT

Product Specification

Tom Raffield

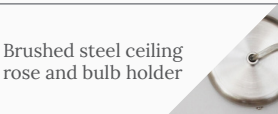

Slatted scales, skilfully shaped and intricately layered. The Scots Lighting Range calls back to the woodland floor, where pinecones line our path and inspire our designs.

Layers overlap to build an organic armour of ash, oak or walnut leaves, tiled together meticulously on a birch wood frame. Hiding the bulb beneath, every individually-cut shingle of wood calls for craftsmanship, while the offcuts woven through make the Scots a design statement, with a clear conscience.

Choose sustainable ash for a permeating glow, or oak or walnut for down lighting and surface illumination.

Create intimacy. Evoke nature.

The Scots Lighting Range is also available as a wall light.
