Tom Raffield

Skipper Floor Light

Undulating loops of timber navigate over and around. Where pared back design meets our signature curves, the Skipper Lighting Range leads the charge.

Scandinavian design principles and our sought-after aesthetic, merged. In the Skipper, sustainable ash, oak or walnut is hand-shaped to create an open light that casts out and up, in a bright, bold contrast of light and shadow. Use the Skipper Floor Light to illuminate specific areas, to layer light and create ambiance in your space.

Achieve impact with a lighter touch. Embrace simplicity. Make a statement in your space.

The Skipper is also available as a standard or large pendant light.
