*to economise on fabric the waistband on sizes 14–22 in 120cm/48" is placed across the grain. If the waistband is placed along the grain the fabric requirement is 2.5m/2¾yds for the shorter length and 2.7m/3yds, for the longer length, see lays on instruction sheet.

Fabric Suggestions Light to medium weight woven fabrics: cottons for pressed pleats and more fluid woollens or crepe constructions for softer pleats.

Also required 18cm/7" zip, a button or hook & bar fastening for the waistband, optional seam binding for the hem (see finished hem measurement above for length) and matching thread.
