- 9.5kg (21 lbs)

Installation Guidelines: Using the appropriate tools for installation, drill mounting holes as required and attached the unit into desired surface. For barrier free mounting ensure that the coin mechanism handle does not exceed 48″ (121.9 cm) above floor level. Please note that it is recommended that all installations be conducted by a qualified tradesperson. Please read and follow installation guidelines provided with the products. Failure to do so may result in serious injury or death.

Maintenance: Normal preventative maintenance and cleaning will keep Frost products functioning properly and may extend normal product life. Products should be wiped down with a damp soft cloth periodically. Approved stainless steel cleaner may be used to clean scuffs or fingerprints on stainless surfaces. Do not use harsh detergents or chemical cleaners. For general dirt and blemishes on painted steel or plastic use warm water and mild soap, or a general mild cleaning solution. When using any type of cleaning solution, spray onto a discrete area to test before full usage. After the cleaning agent is applied, wipe off with a clean soft cloth or sponge.

Warranty: If any product or part proves to be defective within 12 months from date of shipment from the factory it will be repaired or replaced without any charge including freight costs when authorized. Costs resulting from the installation or removal of defective products are not covered under this warranty. Discolouration to stainless steel parts resulting from exposure to harsh environmental and / or chemicals are not considered to be defects in workmanship or material and are not covered under warranty.
