

WORLD GEMOLOGICAL INSTITUTE™

WGI™ CERTIFICATE NUMBER

WGI9634156331

2024-10-23

ONLINE VERIFICATION

www.wgi-global.com

DESCRIPTION

ONE (1) FACETED GEMSTONE. SPECIES: NATURAL BERYL. VARIETY: EMERALD.

Center Stone

Shape And Cutting Style **Round Mixed Cut**

Carat Weight **0.70 carat**

Color Grade **Green**

Clarity Grade **Moderately Included**

Cut Grade **N/A**

Comments

Measurements: 5.75 x 5.75 x 3.70mm

Indication of clarity enhancement, minor oil (F1)

Colour uniformity: Very Good

Transparency: Transparent

Origin opinion: Zambia

WGI™ Gemological Analysis is based on strict standards and internationally accepted grading techniques which the laboratories are committed to. Using professional equipment and terminology, this report represents a gemological opinion and does not serve in any case a guarantee or warranty. HPHT (high pressure high temperature) is a treatment to enhance the diamond's color. Clarity enhanced refers to laser drilling and / or fracture filling techniques to improve clarity of a diamond and its appearance. Weights and measurements are approximate. The mounting can limit the ability to see the characteristics and signs of treatment. The valuation refers to a recommended retail price (RRP).
