		Customs tariff number:	82079030

- Tool-Check Modular: individual combination of different Tool-Check Modular components
- Very compact 21-piece tool set for manual and machine-operated screwdriving
- Perfect for a wide variety of screw connections with ¼" ratchet, hand or machine
- Multi-component Kraftform handle with mounting for 1/4" hex drive bits
- 1/4" 8011 Zyklop Mini 4 bit ratchet for handles with 1/4" bit mounting
- Magnetic 899/4/1 K bit holder for 1/4" hex drive bits; and machine use
- 9 BiTorsion bits (BTZ) for Phillips, TORX®, slotted and square head, 4 tough bits (Z) for hexagonal socket screws; 25 mm and 50 mm length
- 4x 8790 HMA sockets, 1/4", imperial sizes; one adapter 1/4" external hexagon to 1/4" external square head

Very compact 21-piece tool set. One Kraftform 815/1 handle, suitable for mounting bits with 1/4" external hexagon drive, one 8011 Zyklop Mini 4 bit ratchet (1/4"), also suitable for 1/4" sockets using the included 870/1 adapter (1/4" external hexagon to 1/4" external square head), one magnetic 899/4/1 bit holder for screwdriver machines, 9 BiTorsion bits (BTZ) with 1/4" external hexagon drive for Phillips-head screws, TORX®, slotted and square head, 4 tough bits (Z) for hexagonal socket (imperial sizes), 4 Zyklop 8790 HMA sockets (imperial sizes), 1/4". In the compact Tool-Check Modular 1. Tools can be connected to other components of the Tool-Check Modular system using the rigid Tool-Check Modular adapter 9549 or the flexible Tool-Check Modular hinge 9550.

Tool-Check Modular Imperial 1

21-piece tool set. With bitholding screwdriver for 1/4" hex drive bits, bit ratchet for 1/4" hex drive bits, bit holder for mechanical screwdriving, 13 bits, adapter 870/1 (1/4" external hexagon to 1/4" external square head) for 1/4" sockets, 1/4" Zyklop 8790 HMA sockets.

Compact

All tools are stored in the very compact Tool-Check Modular: space-saving and neatly arranged - ideal for transport and working on-site.

The Tool-Check Modular system

The Tool-Check Modular system offers the possibility of combining Tool-Check Modular products in a super-compact manner depending on requirements. All you need is the rigid adapter 9549 or the flexible hinge 9550. The Tool-Check Modular products can be combined, exchanged or expanded at any time.

Bitholding screwdriver for 1/4" hex drive bits

The 815/1 bitholding screwdriver is suitable for 1/4". Reliable and secure hold of the bit thanks to the magnetic bit mounting.

Screwdriving with the bit ratchet

With its 1/4" external hexagon connection, the Zyklop 8011 bit ratchet can be inserted in the 1/4" hexagonal bit mounting of the 815/1 bitholding screwdriver. The Zyklop bit ratchet is suitable for 1/4" hex drive bits.

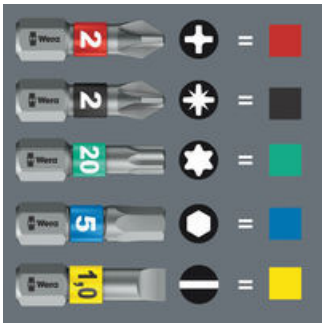
The 899/4/1 bit holder

Universal holder for mounting bits with 1/4" external hexagon drive. Stainless steel sleeve for outstanding corrosion protection. The retaining ring guarantees optimal fit of the tool in the holder. The strong permanent magnet holds the bits firmly. Suitable for machine use with mounting as per DIN ISO 1173-F 6.3.

The 870/1 connector

1/4" sockets can also be used with the Zyklop Mini bit ratchet by connecting the 870/1 adapter (¼" hexagon to 1/4" square head).

Bits with Take it easy tool finder



Take it easy tool finder with colour coding according to profiles and size stamp - for simple and rapid accessing of the required tool.
