- Suitable for a wide variety of private and public environments

# WOODY SHELVING DESIGN BY HAY

Woody Shelving is an open storage solution with a minimalistic design that highlights the exposed construction parts. The wooden frame is offered in different finishes and colours, with the shelves in steel or tempered glass options. Woody Shelving's flat-packed design is available in different sizes and can be used as a free-standing shelving system, against a wall, or as a room divider in all kinds of rooms in the home.

Woody Shelving High 2.0 | Almond white shelves | Soaped oak frame

## SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise the environmental impact throughout their lifecycle. We prioritise carefully selecting materials, such as recycled content, FSC-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
