## SDS – Safety Data Sheet

Revision: 00

Date of issue:  
Apr/2021

Page 1 of 8

In accordance with NBR 14725 and GHS8<sup>th</sup> Edition

Section 1 – Product and Company Identification	
Product name	Trichowash 2Kg - Fagron
Product code	PM0365
Recommended use/ Restrictions on use	Shampoo for hair cleansing.
Company	Wnf Indústria e Comércio Ltda
	Rua Dr. Mário Pinto Serva, 64 – Casa verde, São Paulo-SP. Telefone: +55 11 3857-7790 / e-mail: qualidade@wnf.com.br www.wnf.com.br

Section2 – Hazards identification		
GHS Classification	Category	Classification
	Flammable liquid	Not classified
	Acute toxicity - Oral	Not classified
	Acute toxicity – Dermal	Not classified
	Acute toxicity – Inhalation	Not classified
	Skin corrosion/Irritation	Not classified
	Serious eye damage / Eye irritation	Category 2
	Respiratory sensitization	Not classified
	Skin sensitization	Not classified
	Germ cell mutagenicity	Not classified
	Carcinogenicity	Not classified
	Reproductive toxicity	Not classified
	Specific target organ toxicity – Single exposure	Not classified
	Specific target organ toxicity – Repeated exposure	Not classified
	Aspiration hazard	Not classified
	Hazardous to the aquatic environment - Acute	Not classified
	Hazardous to the aquatic environment - Chronic	Not classified
Pictograms		
Signal word	Attention

## SDS – Safety Data Sheet

Revision: 00

Date of issue:  
Apr/2021

Page 2 of 8

In accordance with NBR 14725 and GHS8<sup>th</sup> Edition

Hazard statements	H320 Causes eye irritation.
Precautionary statements: Prevention	Not required
Precautionary statements: Response	P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if any and it is easy to do - keep rinsing. P337 + P313 IF eye irritation persists: Get medical advice / attention.
Precautionary statements: Storage	Not required
Precautionary statements: Disposal	P501 Dispose of contents / container in accordance with local regulations.
Another hazards wich do not result in classification	There is no known another hazards wich do not result in classification.

### Section 3 – Composition/Information on ingredients

Product type	Mixture	
Hazardous impurities and ingredients		
Inci name	CAS	Concentration range (%)
Disodium EDTA	18154-32-0	0,5 – 10
Lauryl Glucoside	110615-47-9	15 – 30
Sodium Laureth Sulfate	9004-82-4	0,5 – 10
Rosmarinus Officinalis Leaf Oil	84604-14-8 / 8000-25-7	Not available
Melaleuca Alternifolia Leaf Oil	85085-48-9 / 8022-72-8 / 68647-73-4	Not available
Phenoxyethanol	122-99-6	Not available
Lavandula Angustifolia Oil	8000-28-0	Not available

### Section 4 – First Aid Measures

Inhalation	Remove the victim to fresh air. Clear the airways as much as possible. In case of difficulty or inability to breathe, contact an emergency team.
Skin contact	The product is not expected to cause adverse reactions in contact with the skin. If irritation occurs, discontinue use. If irritation persists, consult a doctor.

## SDS – Safety Data Sheet

Revision: 00

Date of issue:  
Apr/2021

Page 3 of 8

In accordance with NBR 14725 and GHS8<sup>th</sup> Edition

Eye contact	Rinse thoroughly with water for several minutes. If using contact lenses, remove them if it is easy. Continue rinsing. If eye irritation persists: seek medical attention.
Ingestion	The product is not expected to cause adverse reactions if swallowed. If there is discomfort, seek medical attention.
Most important symptoms/ effects, acute or delayed	There are no known acute or delayed symptoms or effects for this product.
Special protective equipment and precautions for first aid provider	It is not necessary to use special equipment.
Indication of immediate medical attention or treatment needed	There are no known adverse health effects of this product. Symptomatic treatment.

### Section 5 – Fire-fighting measures

Suitable extinguishing media	Non-flammable product.
Unsuitable extinguishing media	Not applicable.
Special protective equipment and precautions for fire-fighters	It is not necessary to use special equipment.
Specific hazards arising from the product	No specific hazards known for this product.

### Section 6 – Accidental release measures

Personal precautions, protective equipment and emergency procedures	Contain the leak and signal the location.
Environmental precautions	Keep away from surface and underground water. Prevent the spilled product reaches water courses and sewage system.

		Date of issue: Apr/2021
		Page 4 of 8

In accordance with NBR 14725 and GHS8<sup>th</sup> Edition

Methods and materials for containment and cleaning up	Collect the product and place it in a suitable container for later disposal. For final destination, proceed according to Section 13 of the SDS. After collection for disposal or recovery, wash the area with soap and water.
---	---

Section 7 – Handling and Storage	
Aproprate measures for handling	
Precautions for safe handling	Handle in accordance with good manufacturing practices. Do not eat, drink or smoke in work areas.
Hygiene measures	Maintain adequate personal and environmental hygiene.
Conditions for safe storage, including any incompatibilities	
Fire and explosion prevention	Product not classified as flammable or explosive, under normal conditions of storage and handling.
Suitable conditions	Keep the container closed. Store in a dry, well-ventilated place at a temperature between 25° and 30°C. Avoid exposure to sunlight.
Suitable package	White PET (Polyethylene terephthalate).
Incompatibilities	Avoid contact with oxidizing agents and strong acids and bases.

Section 8 - Exposure control and personal protection	
Control parameters	
Specific control parameters	Product not subject to exposure control, according to NBR 15.
Occupational exposure limits	Product not subject to exposure control, according to NBR 15.
Biological limits values	Product not subject to exposure control, according to NBR 15.
Aproprate engineering controls	Product not subject to exposure control, according to NBR 15.
Individual protection/Personal protective equipment	
Eye protection	Wear safety glasses.
Skin protection	It is not necessary to use special protective equipment / clothing.
Respiratory protection	It is not necessary to use special protective equipment / clothing.

Section 9 – Physical and chemical properties	
Parameter	Specification

## SDS – Safety Data Sheet

Revision: 00

Date of issue:  
Apr/2021

Page 5 of 8

In accordance with NBR 14725 and GHS8<sup>th</sup> Edition

Physical state	Viscous liquid
Colour	White to slightly yellow
Odour	Characteristic
Melting point	Not applicable
Freezing point	Not available
Flammability	Not applicable
Flash point	Not applicable
Auto-ignition temperature	Not applicable
Decomposition temperature	Not available
pH	5.70 – 6.20
Kinematic viscosity	Not available
Solubility	Not available
Partition coefficient: n-octanol/water(log value)	Not available
Vapour pressure	Not available
Relative vapour density	Not available
Relative density	Not available

### Section 10 – Stability and reactivity

Chemical stability	Stable product under normal temperature and storage conditions.
Reactivity	The possibility of dangerous reactions is not known.
Possibility of hazardous reactions	The possibility of dangerous reactions is not known.
Conditions to avoid	Avoid exposing the product to sunlight.
Incompatible materials	No incompatibilities are known for this product.
Hazardous decomposition products	No hazardous products resulting from decomposition are known.

### Section 11 – Toxicological information

Acute toxicity - Oral	Product not classified as toxic.
Acute toxicity – Dermal	Product not classified as toxic.
Acute toxicity – Inhalation	Product not classified as toxic.

## SDS – Safety Data Sheet

Revision: 00

Date of issue:  
Apr/2021

Page 6 of 8

In accordance with NBR 14725 and GHS8<sup>th</sup> Edition

Skin corrosion/Irritation	There is no data on skin corrosion or irritation caused by this product.
Serious eye damage / Eye irritation	Causes eye irritation.
Respiratory sensitization	There is no data on respiratory sensitization caused by this product.
Skin sensitization	There is no data on skin sensitization caused by this product.
Germ cell mutagenicity	There is no data on germ cell mutagenicity caused by this product.
Carcinogenicity	There are no data on carcinogenicity caused by this product.
Reproductive toxicity	There are no reproductive toxicity data caused by this product.
Specific target organ toxicity – Single exposure	There are no toxicity data for specific target organs caused by this product, in single exposure.
Specific target organ toxicity – Repeated exposure	There is no data on specific target organ toxicity caused by this product on repeated exposure.
Aspiration hazard	There are no aspiration hazard data caused by this product.

### Section 12 – Ecological information

Eco toxicity	Product not classified as dangerous to the environment.
Persistence / degradability	Not available.
Bioaccumulative potential	Not available.
Mobility in soil	Not available.
Other adverse effects	No other environmental effects are known.

### Section 13 – Disposal considerations

#### Appropriate measures of handling and methods of disposal of

Product	It must be deposited according to federal, state or local procedures under conservation and recovery resources.
Product waste	It must be deposited according to federal, state or local procedures under conservation and recovery resources.
Used package	Discard in an appropriate and authorized place. Do not reuse empty packaging.

In accordance with NBR 14725 and GHS8<sup>th</sup> Edition

Suitable equipment  
to handle and  
dispose

The use of PPE is recommended as mentioned in section 8 of this SDS.

### Section 14 – Transport information

#### Land transport

Un number	Product not classified as dangerous for transport.
Um proper shipping name	Not applicable.
Transport hazard class	Not applicable.
Risk number	Not applicable.
Packing group	Not applicable.
Environmental hazards	Not applicable.
Transport in bulk	Not applicable.

#### Marine

Un number	Product not classified as dangerous for transport.
Um proper shipping name	Not applicable.
Transport hazard class	Not applicable.
Risk number	Not applicable.
Packing group	Not applicable.
Environmental hazards	Not applicable.
Transport in bulk	Not applicable.

#### Airway

Un number	Product not classified as dangerous for transport.
Um proper shipping name	Not applicable.
Transport hazard class	Not applicable.
Risk number	Not applicable.
Packing group	Not applicable.
Environmental hazards	Not applicable.

### Section 15 – Regulatory information

- DECRETO Nº 2.657, 03/07/98 - Promulga Convenção 170 OIT, 1990.
- PORTARIA N º 229 de 24 de maio de 2011 – Altera a NR 26 do TEM.
- CÓDIGO DE DEFESA DO CONSUMIDOR - Lei nº 8.078, de 11 de setembro de 1990.
- NBR 14725-2:2009.
- NBR 14725-3:2012.
- NBR 14725-4:2009.

### Section 16 – Other information

This SDS was prepared based on current knowledge about the proper handling of the product and under normal conditions of use. Any other way of using the product that involves combining it with other materials, in addition to forms of use other than those indicated, are the user's responsibility. It is warned that the handling of any chemical substance requires prior knowledge of its dangers by the user. The user company is responsible for promoting the training of its employees and contractors regarding the possible risks involved in handling this substance.

#### Important abbreviations

CAS: Chemical Abstracts Service (American Chemical Society) (EUA).

LC50: 50% lethal concentration

EINECS: European Inventory of Existing Commercial Chemical Substances.

GHS: Globally Harmonized System of Classification and Labelling of Chemicals.

IARC: International Agency for Research on Cancer.

IATA: International Air Transport Association.

IATA-DGR: Dangerous Goods by Regulations.

IATA ICAO: International Civil Aviation Organization.

IATA ICAO: International Civil Aviation Organization.

ICAO-TI: Technical Instructions by the ICAO.

IMDG: International Maritime Code for Dangerous Goods.
