

## Ordering

697400 - 500 g

697378 - 2.5 kg

697399 - 5 kg

## Applications

Dermatology

Hospice

HRT

Pain

Veterinary

## API Load

High (up to 30%)

## Compatible Solvents

Alcohol

Diethylene Glycol  
Monoethyl Ether

Propylene Glycol

Propanediol

## Product Highlights

Versatile is a highly elegant vanishing cream. With its unique formulation, this vehicle offers versatility for compounding challenges as it retains its consistency with a broad variety of active pharmaceutical ingredients, dermatological ingredients and solvents. Versatile is ideal for both prescription compounding and basic skin care and suits the needs of balanced and dehydrated skin. This product is free of fragrances, dyes, parabens, mineral oil, SLS, propylene glycol, and 1,4-dioxane.

- Hydrophilic vanishing cream
- Non-greasy skin feel
- Non-comedogenic

## Ingredients

Aqua purificata, Cetearyl alcohol, Dicaprylyl carbonate, Polysorbate 60, Glycerol stearate, Isohexadecane, Isododecane, Lecithin, PEG-75 stearate, Glycerin, Tocopheryl acetate, C13-C15 alkane, Alcohol, Benzoic acid, Disodium EDTA, Dimethicone, Sorbic acid, Sodium hydroxide

## Specifications

Versatile is a shiny, white to off-white cream

- pH: 3.5 – 5.5
- Specific Gravity: 0.96 g/mL
- Viscosity: 1190-400 Pa

## Formulas

#FA22729 Benzocaine 20% - Lidocaine 6% - Tetracaine 4% in Versatile Cream

#FA21781 Hydroquinone 6% - Tretinoin 0.05% - Fluocinolone 0.01% in Versatile Cream

#FA21054 Diclofenac 6% - Clonidine 0.2% - Lidocaine 2% in Versatile Cream
