

11028 Battery Operated 20L Oil Drum Pump

The Alemlube 11028 Battery Operated 20L Oil Drum Pump enables quick & effortless oil and vehicle fluids transfer and improves efficiency and productivity in busy workshops – your time creator and energy saver.

The kit is supplied with a rechargeable battery that has a fully charged run time of up to 65 minutes & is suitable for the transfer of engine oil, gear oil, hydraulic oil, transmission fluid and coolant.

The Alemlube 11028 has a delivery rate of up to 4.6L per minute and is designed & engineered with performance, durability and serviceability front of mind.

The 11028 will operate reliably even in challenging & arduous conditions.

The pump can deliver up to 280L before recharging of the battery is required with a fast recharge time of 45 minutes.

The quick connect, disconnect motor can be used on multiple pumptube assemblies, thereby reducing upfront set up costs.

PACKAGE INCLUDES

- Modular motor assembly (IK10 rated)
- 21.6V Li-ion battery (IK9 rated)
- 240V battery charger
- 19mm ID x 1.5m long delivery hose & control valve

SPECIFICATIONS, FEATURES & BENEFITS

- High impact resistant IK10 rated motor assembly resists operator misuse
- IP42 rated motor is fully & easily serviced with individual spare parts & kits readily available
- Three point pumptube to motor locking system is robust & durable
- Steel to steel impeller priming system minimises current draw & maximises battery operating time per charge
- Thermal protection set at 90°C cuts in if the motor is left running & overheats
- Transfers up to 280L per battery charge
- Flow rates of up to 4.6L/min
- Battery run time of up to 65 min
- Battery recharge time of 45 min

- Carry handle assists with drum changeovers
- Battery includes a battery level display
- Battery can be changed without needing to disconnect & reconnect the motor from the pumptube
- On/off oil control valve can be locked open if required
- Swivelling pump head eliminates the chance of hose kinks
- Drainback nozzle holster ensures that excess oil ends up in the drum & not on your workshop floor
- Suitable for pumping engine oil, hydraulic oil, gear oils up to SAE 140
- Also suitable for the transfer of transmission fluids & coolants
- Covered by a full no exclusions 2 year warranty

**Suitable for indoor use only*
