

NEW LIGHTWEIGHT LINE MODELS

NEW SMALL FRAME MODELS | 500-A-FH, 1000-A, 1500-A

Lug-All's Lightweight Line of Hoists are light and compact for easy portability. Their small size and low weight allow them to fit easily in small storage compartments, making it even easier to take these hoists with you wherever you go.

Features:

- One of two interlocking pawls is always engaged, so the load is always secure.
- Small frame and compact size make storage and transportation easy.
- Open frame allows for cleaning and visual inspection.
- Each lightweight hoist weighs under eight pounds.

Model 500-A-FH

Model 1000-A

Model 1500-A
