SLICERS - MIRRA SERIES

MIRRA250

An elegant design for total dependability! The slide shaft is made of ground, chromed steel for a smoother operation. The high quality bushings and ball bearings are self-lubricating. The dial thickness control cam system allows for a precise cut. A safety cover is placed under the motor and the electrical components. The hopper features an exclusive heavy duty plastic protection to keep operator's hand at a safe distance from the blade while operating the slicer. The easy-to-clean aluminum alloy construction does not crack or stain. The carriage and center plate are quickly removable without tools.

- **Operation:** Gravity feed
- **Knife:** One piece, chrome plated 100cr6 forged carbon steel blade
- **Sharpener:** Removable, 2-stone dual action
- **Slice thickness:** Infinitely variable up to 0.5"
- **Switch:** On/Off button. The button is lit when the machine is ON
- **Material:** Polished, anodized aluminum alloy
- **Origin:** Italy

MIRRA300P

Warranty
(1) year parts and labor

MIRRA220 - 9" Slicer

- **Power:** 120V, 147W, 1.2A, 5-15P
- **Dimensions:** 22" L x 22.4" W x 16.56" H
- **Net Weight:** 33 lbs
- **Ship Dims:** 19.69" L x 23.62" W x 18.7" H
- **Ship wt.** 38 lbs

MIRRA250P - 10" Slicer

- **Power:** 120V, 250W, 2.4A, 5-15P
- **Dimensions:** 22" L x 22.4" W x 14.5" H
- **Net Weight:** 35.2
- **Ship Dims:** 24" L x 20" W x 16" H
- **Ship wt.** 43

* Conforms to the Quebec NORMS *

MIRRA300P - 12" Slicer

- **Power:** 120V, 267W, 3A, 5-15P
- **Dimensions:** 24" L x 25.2" W x 20.06" H
- **Net Weight:** 45 lbs
- **Ship Dims:** 23.63" L x 31.5" W x 20.5" H
- **Ship wt.** 52 lbs

* Conforms to the Quebec NORMS *
