KNIPEX ErgoStrip® XL

Universal Stripping Tool

- Quick and precise stripping and insulation removal from standardised round cables with Ø 12–28 mm; due to fixed blades, ideal for e.g. NYM or NYY
- Multifunctional tool for circumferential and longitudinal cuts, for breaking open the sheath and stripping individual conductors
- For larger domestic and industrial installations, such as supply cables to distribution boards, sub-distribution boards, wall boxes or inverters

- Compact, ergonomic design – ideal for precise work in confined spaces
- Three blades reduce wrist rotation and enable precise guidance
- Exaktes Ausrichten der Längsschnittklinge durch Positionierungs-markierungen
- Easy opening of the cut cable sheath due to a robust splitting aid
- Stripping device for cross-sections from 2.5 to 25 mm², with positioning tabs for easy insertion of individual conductors
- Integrated scales for consistently accurate stripping lengths
- Note: For non-standard cable types, a visual inspection is required to prevent damage to the conductors

General	
Part No.	16 95 11
EAN	4003773093992
Weight	64 g
Dimensions	64 x 46 x 124 mm
REACH compliant	does not contain SVHC
RoHS compliant	not applicable

Technical changes and errors excepted
