

STAINLESS UTILITY CARTS HEAVY DUTY

PROJECT: _____
 ITEM: _____
 QUANTITY: _____
 APPROVAL: _____
 DATE: _____

PRODUCT PROFILE

Heavy duty stainless utility carts for transporting items and products.

APPLICATION

Used in schools, laboratories, hospitals, facilities management, material handling, correctionals, and restaurants.

PRODUCT DETAILS

Utility carts are made from high grade stainless steel. Shelf size is determined by needs of items and product transported. Standard with hemmed reinforced shelves. 12 gauge wheel channel for added strength and stability. Contact a factory representative for custom sizes.

FEATURES & BENEFITS

- Move items and products easily.
- 1000 lbs. rolling capacity.
- Supports 500 lbs per shelf.
- Hemmed shelves for added strength.
- Square tubing easier to clean than angle.
- Casters are standard with 5" x 2" polyurethane plate casters.
