

Only from NEMCO!

# The Sandwich<sup>®</sup>/Pizza Paddle

Keep up with the hungry crowd wanting hot sandwiches and pizza!

When the heat is on, Nemco's new user-friendly sandwich/pizza paddle—designed specifically for small countertop ovens is the perfect toaster oven companion.

## A Must-Have for Rush Hour

- Insert and remove sandwiches and pizza from the oven with less effort while keeping sandwiches and their contents intact.
- The large paddle surface holds multiple sandwiches or a small pizza.
- The long handle adds safety, keeping operator's hands away from the hot oven compartment.

## Designed for the Commercial Kitchen

- Simple design and aluminum construction throughout adds durability.
- The nonremovable vinyl handle provides a no-slip grip.
- A hole is manufactured in the paddle surface so operators can hang the paddle alongside the oven for fast, easy-to-reach, easy-to-store convenience.
